

LiveScape

The Symmetry of Design, Nature, & Structure

Landscape Maintenance Program

LiveScape believes that focused care is paramount to the success of the designed and built landscape. Regardless of the size of project, through a sustainable program, LiveScape will ensure that your landscape is the best it can be, throughout the seasons. All site visits / work-days are scheduled at the outset of the season, so you know when to expect us. Of course, if weather forces us to change by a day or so, you will certainly be notified in advance.

Our Services

- ✂ Complete professional pruning, properly timed with the seasons.
- ✂ Complete organic plant care.
- ✂ Seasonal plantings, for spring and fall annuals
- ✂ Transplanting of small trees / woody ornamentals / perennials
- ✂ Complete spring and fall clean-up for your gardens / landscape
- ✂ Design and preparation of your raised beds
- ✂ Beneficial soil renovation
- ✂ Complete plant fertilization / compost tea applications
- ✂ Woodland thinning / renovating
- ✂ Trail development / maintenance / necessary drainage to allow full season access

Weekly Garden Care Program

This program is developed for the discerning garden lover / homeowner, but whose familial/professional obligations does not allow the time they need to help create the balance of the beauty and health of their landscape. Think of this as Horticultural Concierge Services.

Our Services

- ✂ Aeration of mulches / soils
- ✂ Complete perennial garden care
- ✂ Installation / monitoring of irrigation / watering as needed
- ✂ Selection / installation of all container / annual plantings
- ✂ Complete follow up care of all annual plantings
- ✂ Bi-weekly compost tea applications of perennial gardens
- ✂ Complete seasonal pruning services
- ✂ Complete spring and fall work.

Bi-weekly Garden Care Program

This sustainable program is developed for the engaged, active garden lover but needs a little help on their side that allows them to find the balance in life to enjoy being in the garden, while also making time for the other important (read: Fun) activities in their lives.

Our Services

- ✂ Bi-weekly compost tea applications.
- ✂ Necessary perennial garden care.
- ✂ Care of annual plantings.
- ✂ Necessary pruning / deadheading of perennials and ornamentals.
- ✂ Spring and fall work.

Monthly Garden Care Program

This program is developed for the gardener, who makes time for their gardens, but could use some focused professional assistance. This is a great program for the homeowner who may plan on entertaining throughout the season, and values the planning in advance for services. For this program, we meet prior to the monthly visit, and discuss the necessary objectives, and proceed from there. The value with this program, as with all our programs, is we plan the scheduled visits, at the outset of the season, so you know when you can expect us.
